CLEANING INSTRUCTIONS

Care Instruction:

We recommend washing the parts of the product that come into contact with food before first use. For ongoing care, clean the product after each use as follows:

- Wooden parts should never be immersed in water. Clean them with a damp cloth using clean lukewarm water and neutral soap, then dry immediately.
- Metal parts can be hand-washed with clean lukewarm water and neutral soap, followed by thorough drying.
- Plastic parts can also be hand-washed with clean lukewarm water and mild soap, then dried.
- Avoid using abrasive sponges, harsh detergents, pressure washers, or dishwashers!
- After washing, store the product in a clean indoor environment, away from moisture and direct sunlight.

Varnished wood, granit, marble, aluminum

We recommend using a damp cloth. Do not use solvents, detergents or abrasives. Do not immerse in water, dry immediately after cleaning.

PE, porcelain, glass, satinated stainless steel, chromed steel and brass

All removable components can be washed in the dishwasher. If it is not removable, we recommend hand washing it with neutral detergent.

Faucet, beverage container

"It is recommended to empty the container after each use to prevent intense colored liquids from leaving traces. It is advisable to disassemble and wash the taps after each use with hot water and salt. Reassembly must take place after drying. Please follow the instructions included with the product."

Swivel casters

Hand washing with a soft cloth and neutral detergent is recommended. After washing the product must be dried.
